Experience

Full Stack Web Developer | Pangrow Tech Pvt. Ltd - Jaipur, India | November 2023 – Present

- Designed and developed RESTful APIs and microservices using FastAPI, Express.js, and NestJS, ensuring high scalability and a clean, modular architecture.
- Integrated MongoDB database with FastAPI using Pydantic models for efficient data handling.
- Used Docker and FastAPI Uvicorn/Gunicorn deployment strategies for containerized microservices.
- Worked with Redis, Celery for task queues, caching, and asynchronous background jobs.
- Built and maintained a full-featured CRM application, integrating features like user management, lead tracking, and real-time updates.
- Developed backend services using both Python (FastAPI) and Node.js (Express/NestJS), with TypeScript for type safety and code maintainability.
- Integrated Swagger / OpenAPI documentation for all backend services, improving API testing and developer onboarding.
- Managed source control and code reviews using Git and GitHub, following branching strategies (Git Flow).
